### President's Report

1. The board approved moving the Monitor's Desk closer to the entrance.

### Old Business

Dick Schuenke reported that because of safety conditions in the grinding area, some benches have been relocated and the tables have been changed in such a manner as to eliminate sparks flying in any stations other than the one being worked in. The project is almost complete and if anyone has comments or input they should contact Dick.

Dick also reported the plans and details regarding the Monitor's Desk being moved are available and anyone wanting to see them may contact him. The project should be completed on one Saturday.

Chuck Albright reported the tin room has enough material to support a one day assembly project of about 126 mailboxes. He also volunteered to give instructions on the proper use of the breaking equipment because much damage is being done by incorrect usage.

### New Business

A discussion was held regarding non residents of SCW being allowed to use the Metal Club. It was moved by Joe O'Herrick and seconded by Willey Parker, to find out in writing, why the Rec. Center is allowing the Fire Department to use our facility. Motion was carried.

A discussion was held regarding the opening of club mail by the Monitors. It was taken by consent that mail can only be opened by the addressee and that all mail and packages should be placed in the office.

A discussion was held regarding keeping the plastic clean on the sandblaster. It was reported that replacement pieces have always been in the cupboard and if there are none left, more can be ordered.

The monthly \$25 drawing was held and the winners were Jack Williams and Don Lebo.

There being no other business, the meeting was adjourned at 2:35 p. m.
