

SCW METAL CLUB – OUTDOOR METAL SCULPTURES

The Metal Club is proud of the hand-crafted metal artwork created by our Metal Club members located outside the Metal Club building at 13849 W. Camino Del Sol in Sun City West, AZ. Our Metal Club members designed, produced and installed these pieces of art around the Metal Club facility:

- Al Jeffers worked with Thomas Matsumoto (deceased) to create the Southwest inspired large metal panels and totem pole (8 ft) that face Camino Del Sol.
- Larry Lockyer designed the 'Lady in the Wind' sculpture (12 ft) which balances on a single pivot point that gently sways in the Arizona breeze.
- Joe James recently created a large metal cube pointed on its edge with intricate artistic patterns on each face of the 2 ft. cube.

We invite you to stop by to admire these creative metal sculptures that reflect the talent and metalworking knowledge available at the Metal Club. You will be amazed at the intricate designs when viewed up close and the scale of these beautiful metal art sculptures.

If you're interested in learning more about a wide variety of metal-related equipment, or making metal artwork, stop by the club located at 13849 W. Camino Del Sol for a tour and to meet club members. No prior experience is required; numerous classes are available. The club is open Mon – Fri from 8 – 4; weekends from Noon to 4pm. Call the club with questions at (623) 584-0150 or visit www.scwmetalclub.com for more information.
