

SCW METAL CLUB – MAILBOXES AVAILABLE FOR SALE

Sun City West Metal Club members volunteer their time and expertise to manufacture vacation mailboxes throughout the year. These mailboxes offer customers a safe, locked mailbox with a removable metal insert plate that allows mail to accumulate in a locked compartment for lengthy periods of time. An insert panel at the bottom of the mailbox can be unlocked and removed to retrieve the accumulated mail. Mailboxes are powder-coated for weather resistance in beige or black color.

If you are interested in the purchase and installation of a mailbox, simply send an email to 'mailboxes@scwmetalclub.com'. Please include your name, address, contact phone number and color choice for a reply within 24 hours.

The Metal Club provides a wide variety of metal-related equipment for member use, including making metal artwork. No previous experience is required. If you are interested in becoming a member, stop by the club located at 13849 W. Camino del Sol for further info.

The Metal Club is open Mon – Fri from 8am – 4pm. Questions: (623) 584-0150 or visit www.scwmetalclub.com.
