

## **SCW METAL CLUB – SPECIAL ARTWORK PROJECT**

Metal Club member Pam McComsey wanted to give her daughter-in-law, Nikki, a special Christmas gift. Jim Filipiak, also a Metal Club member, offered to help recreate Nikki's company logo for 'Gather Mountain Blooms' into a beautiful piece of metal artwork that can be hung in her business based in Colorado.

Pam shared Nikki's story of how she began her flower business. Nikki suffered a debilitating concussion which radically changed her life with her young son and husband. During this challenging period, Nikki's husband, Zach, brought her fresh flower bouquets to brighten her days. Nikki's family pursued several medical options before finally finding a solution to her problem. Nikki began her business in 2020 to spread the joy that a bouquet of fresh flowers can bring to people. She is also very passionate to share her medical journey about concussions on her website at <https://www.gathermountainblooms.com/>.

If you are interested in learning more about a wide variety of metal-related equipment, or making metal artwork, consider becoming a club member. Stop by the club located at 13849 W. Camino del Sol for further info.

The Metal Club is open Mon – Fri from 8am – 4pm. Questions: (623) 584-0150 or visit [www.scwmetalclub.com](http://www.scwmetalclub.com).
