

FOR: SCW METAL CLUB - REC CENTER NEWS SUBMISSION FOR MAY 2022

SCW METAL CLUB:

The Sun City West Metal Club is now open to members after a lengthy construction project. The new 2,600 sq. ft. addition is climate controlled with upgraded electrical systems, lighting, and exhaust systems to accommodate metal working equipment, machinery, and supplies. This addition replaces the structure that was attached to the nearby car wash and allows our members to work on their projects in a comfortable environment with bright lighting and space to maneuver in the new setting. Club members continue efforts to return the club to improved operational standards after a 10-month closure – members are asked to be patient as we work through these issues. Production of the popular vacation security mailboxes is progressing - send inquiries about vacation mailboxes to: mailboxes@scwmetalclub.com.

If you are interested in joining the Metal Club, please stop by during regular club hours for more info: Monday – Friday, 8 a.m. to 4 p.m.; www.scwmetalclub.com.
